Gaby,

As we mentioned yesterday the disposal of personal property requires diligence on our part. Unfortunately, the team can not respond today. If the person is no longer at the site, the best thing for us to do now is to make contact with the HOPICS caseworker who is working with the individual and go from there. There are some documentation things that we will need to handle and the caseworker can be a huge help in that part of the process. If you can provide that info ASAP we will work on processing the location as quickly as possible.

Hey Sarah!

I'm currently at the subject address where we have a 7-10 person encampment, of which one just accepted services by HOPICS. Her name is Corrine Clark, she's 53, and she's going into the Flores Motel while they situate her into Project RoomKey.

She doesn't want to take everything with her and has asked us to toss what's left.

Can we get CARE out here to take her iremainders? It's the area between the two officers.

Both Officers Leyva and Ybarra can be here to assist. Please advise if we can get out ABH team to assist with this in the morning, in lieu of handling the ABH grid.

Thank you,

Gaby
